ATTACHING TO AND FORMING PART OF THE POLICY SHOWN IN THE DECLARATIONS. ALL OTHER TERMS AND CONDITIONS REMAIN UNCHANGED.

1. PURPOSE AND SCOPE

This base wording sets out the general conditions and the general exclusions that apply to every private motor policy. Water, flood and weather damage to the vehicle is dealt with in Form MO-0420, and the edition of that form in force on the date of loss governs the loss.

2. OWN DAMAGE

2.1 Accidental collision damage to the insured vehicle is subject to a deductible of \$500. There is no collision sub-limit.

3. GENERAL EXCLUSIONS

3.1 We do not cover loss described in the exclusion table below. Codes in the E-6 series are general motor exclusions and apply to every peril.

EXCLUSION TABLE 3.1 - MOTOR GENERAL EXCLUSIONS

CODE	EXCLUSION AND DISPOSITION
------	---------------------------

E-60	Wear and tear, mechanical or electrical breakdown and failure of any part. Disposition: Excluded absolutely.
------	---

E-61	Loss while the vehicle is used for racing, pace-making, rallying or on a track day. Disposition: Excluded absolutely.
------	--

E-62	Loss while the vehicle is driven by a person who does not hold a licence valid for that class of vehicle. Disposition: Excluded absolutely.
------	--

E-63	Loss deliberately caused by the insured or by a person driving with the insured's consent. Disposition: Excluded absolutely.
------	---

E-64	Loss while the driver is over the legal alcohol or drug limit. Disposition: Excluded absolutely.
------	---

Note: Codes in the E-6 series other than E-65 are not edition dependent.

4. POLICY LIMIT

4.1 The most we will pay for loss to the insured vehicle is its market value immediately before the loss, up to the sum insured shown in the declarations (the policy limit). A deductible or a sub-limit does not change the policy limit.
